European Standardization Organizations

Projex-Online Download Cart

Introduction

The **DOWNLOAD CART** is a password-protected web-based application which gives the possibility to the CEN and CENELEC Affiliates, Companion Standardization Bodies and other National Standardization Bodies or National Committees to:

- download standardization documents after following several intermediate steps;

- provide CEN-CENELEC (Management Centre) with information on the partner's intention to review or to adopt one or several CEN or CENELEC published standard (not withdrawn).

To **log in,** use either:
- your CEN/ISO account (GD), or
- your IEC/CLC account (EMS)

The Download Cart application is accessible via **Projex-Online**:

Demo

Demo – Select standards to download

▶ On **Projex-Online**, use the **Simple Search** functionality to find the standard to download:

Typing <u>only</u> the **numbers** of the standard reference increases your chances to find the correct standard

There is a checkbox next to standards you are allowed to download.
Tick the box to add the standard in your cart.

⚠ Repeat these actions for each standard you wish to download

Demo – Download standards

Once the standards are in your cart, click on the button **Download Cart** in the top menu.

You are here: **Home** > Simple Search   📄 **Download Cart**   👤 **My Projex-Online**   ⚙ **Simple Search**   🔍 **Complex Search**   📙 **Image Quality Check**

In the Download Cart page:

❖ Indicate the intention: for **Review** or for **Adoption**

❖ Complete the information related to the intention

❖ Choose the language version to download (EN is selected by default)

❖ Agree with the rights and obligations

❖ Click on the button 'Download/updated'

Demo – Download standards

After clicking on **Download/update**, you will receive a <u>notification</u> a few minutes later informing that the zip containing the standard(s) you requested is ready.

After receiving the notification:

➢ Connect to Projex-Online

➢ Click on the button 📄 Download Cart

➢ Go to the tab **Download History**

➢ Click on the file hyperlink to download the zip
