

TRAINING CEN & CENELEC NEWLY APPOINTED TECHNICAL BODY OFFICERS

## What's next? Online Standards Development (OSD)

**Gonçalo Ascensão**

Account Manager Production  
OSD Product Owner

**Estelle Baumard**

OSD Project Manager

# Agenda

- ▶ What is OSD ?
- ▶ Transforming our ways of working - Tool benefits
- ▶ What does it look like ?
- ▶ Project deployment timeline – What is already available and what is coming next ?

## Speakers

**Estelle Baumard**  
OSD Project Manager

**Goncalo Ascensão**  
Head of Production –  
OSD Product Owner

# Online Standards Development

OSD will help **committees** to **draft higher quality deliverables** using a **collaborative authoring online solution** designed for standards drafting

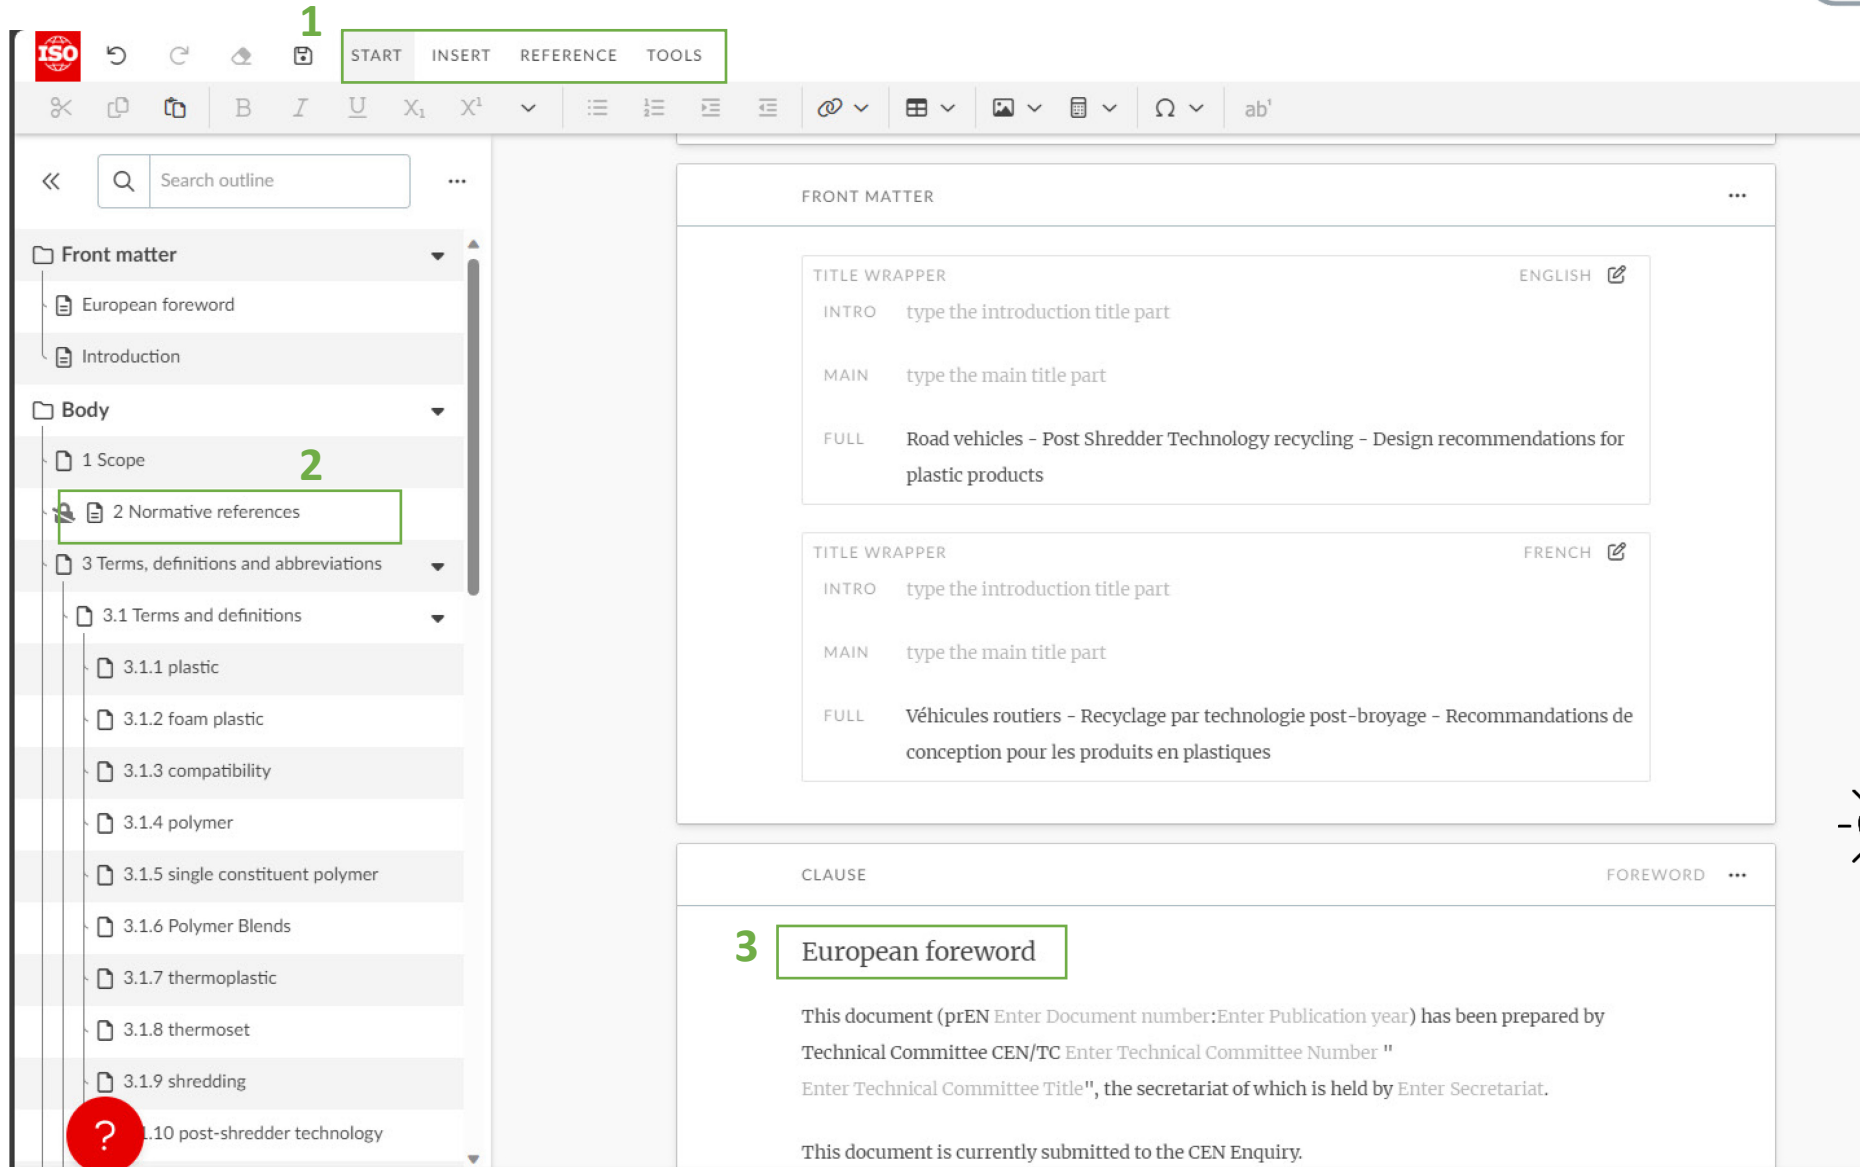

# A need to transform our ways of working

From... 

...to...

# What does it look like?

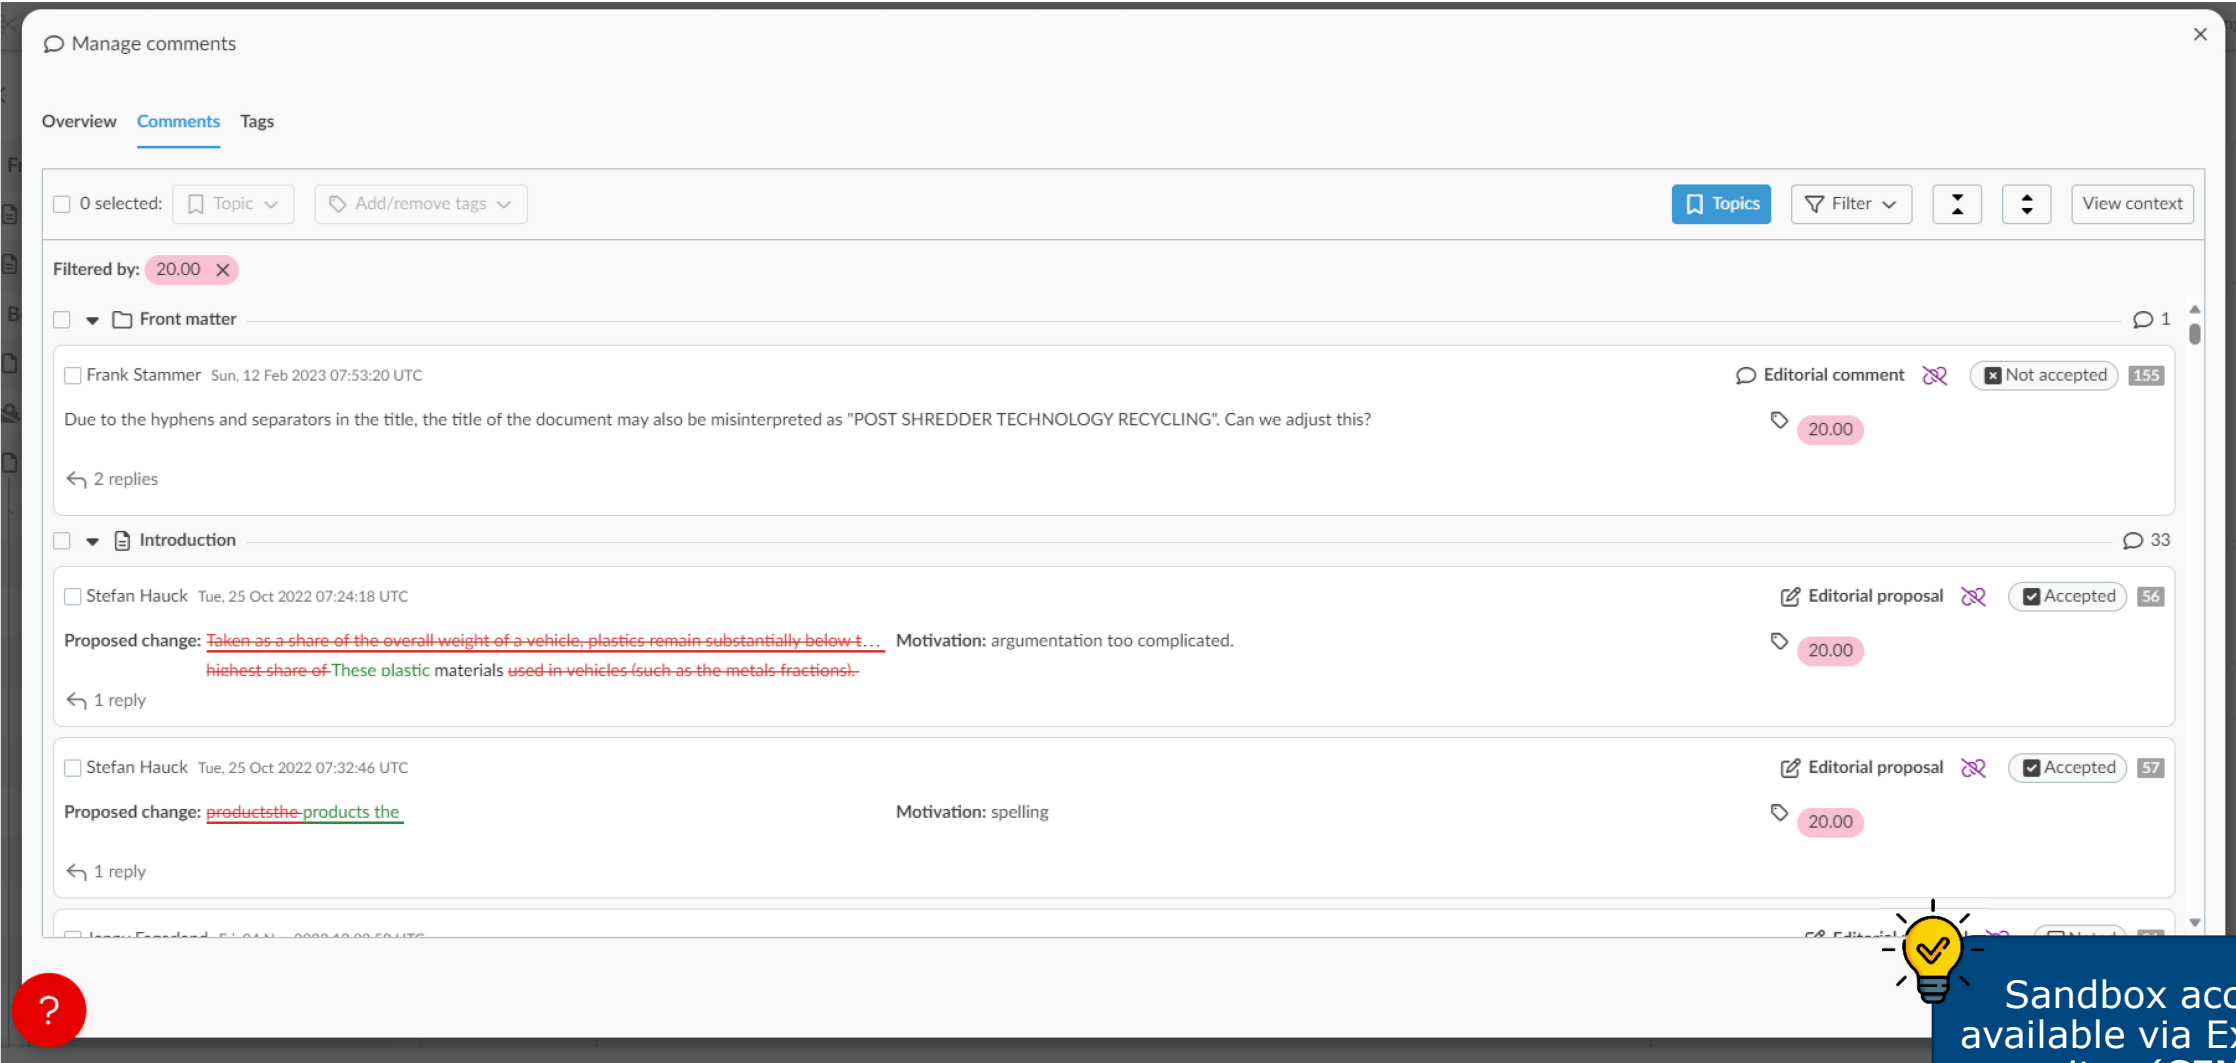

The screenshot shows a document editor interface. At the top, there is a toolbar with a 'START' tab highlighted. Below the toolbar is a search bar and a sidebar with an outline. The outline is divided into 'Front matter' and 'Body' sections. Under 'Body', '2 Normative references' is highlighted with a green box and a '2'. The main editing area shows two sections: 'FRONT MATTER' and 'CLAUSE'. The 'FRONT MATTER' section has two language options: 'ENGLISH' and 'FRENCH'. Each language option has a 'TITLE WRAPPER' and three sub-sections: 'INTRO', 'MAIN', and 'FULL'. The 'FULL' section for English contains the text: 'Road vehicles - Post Shredder Technology recycling - Design recommendations for plastic products'. The 'FULL' section for French contains the text: 'Véhicules routiers - Recyclage par technologie post-broyage - Recommandations de conception pour les produits en plastiques'. The 'CLAUSE' section has a 'FOREWORD' tab and contains the text: '3 European foreword'. The text in the 'CLAUSE' section is partially highlighted with a green box and a '3'. At the bottom left of the sidebar, there is a red circle with a white question mark.

Sandbox access available via Experts sites ([CEN](#)/[CENELEC](#))

# What does it look like?

The screenshot shows a 'Manage comments' window with the following details:

- Overview:** Comments (selected), Tags
- Filters:** 0 selected, Topic, Add/remove tags, Topics, Filter, View context
- Filtered by:** 20.00
- Front matter (1 comment):**
  - Frank Stammer (Sun, 12 Feb 2023 07:53:20 UTC):** Editorial comment, Not accepted, 155. Comment: "Due to the hyphens and separators in the title, the title of the document may also be misinterpreted as 'POST SHREDDER TECHNOLOGY RECYCLING'. Can we adjust this?"
- Introduction (33 comments):**
  - Stefan Hauck (Tue, 25 Oct 2022 07:24:18 UTC):** Editorial proposal, Accepted, 56. Proposed change: ~~Taken as a share of the overall weight of a vehicle, plastics remain substantially below t...~~ Motivation: argumentation too complicated.   
 ~~highest share of These plastic materials used in vehicles (such as the metals fractions)-~~
  - Stefan Hauck (Tue, 25 Oct 2022 07:32:46 UTC):** Editorial proposal, Accepted, 57. Proposed change: ~~productsthe-products the~~ Motivation: spelling

Sandbox access available via Experts sites ([CEN](#)/[CENELEC](#))

# A three parts solution

## Feature 1

**Online standards  
authoring & WG  
commenting**

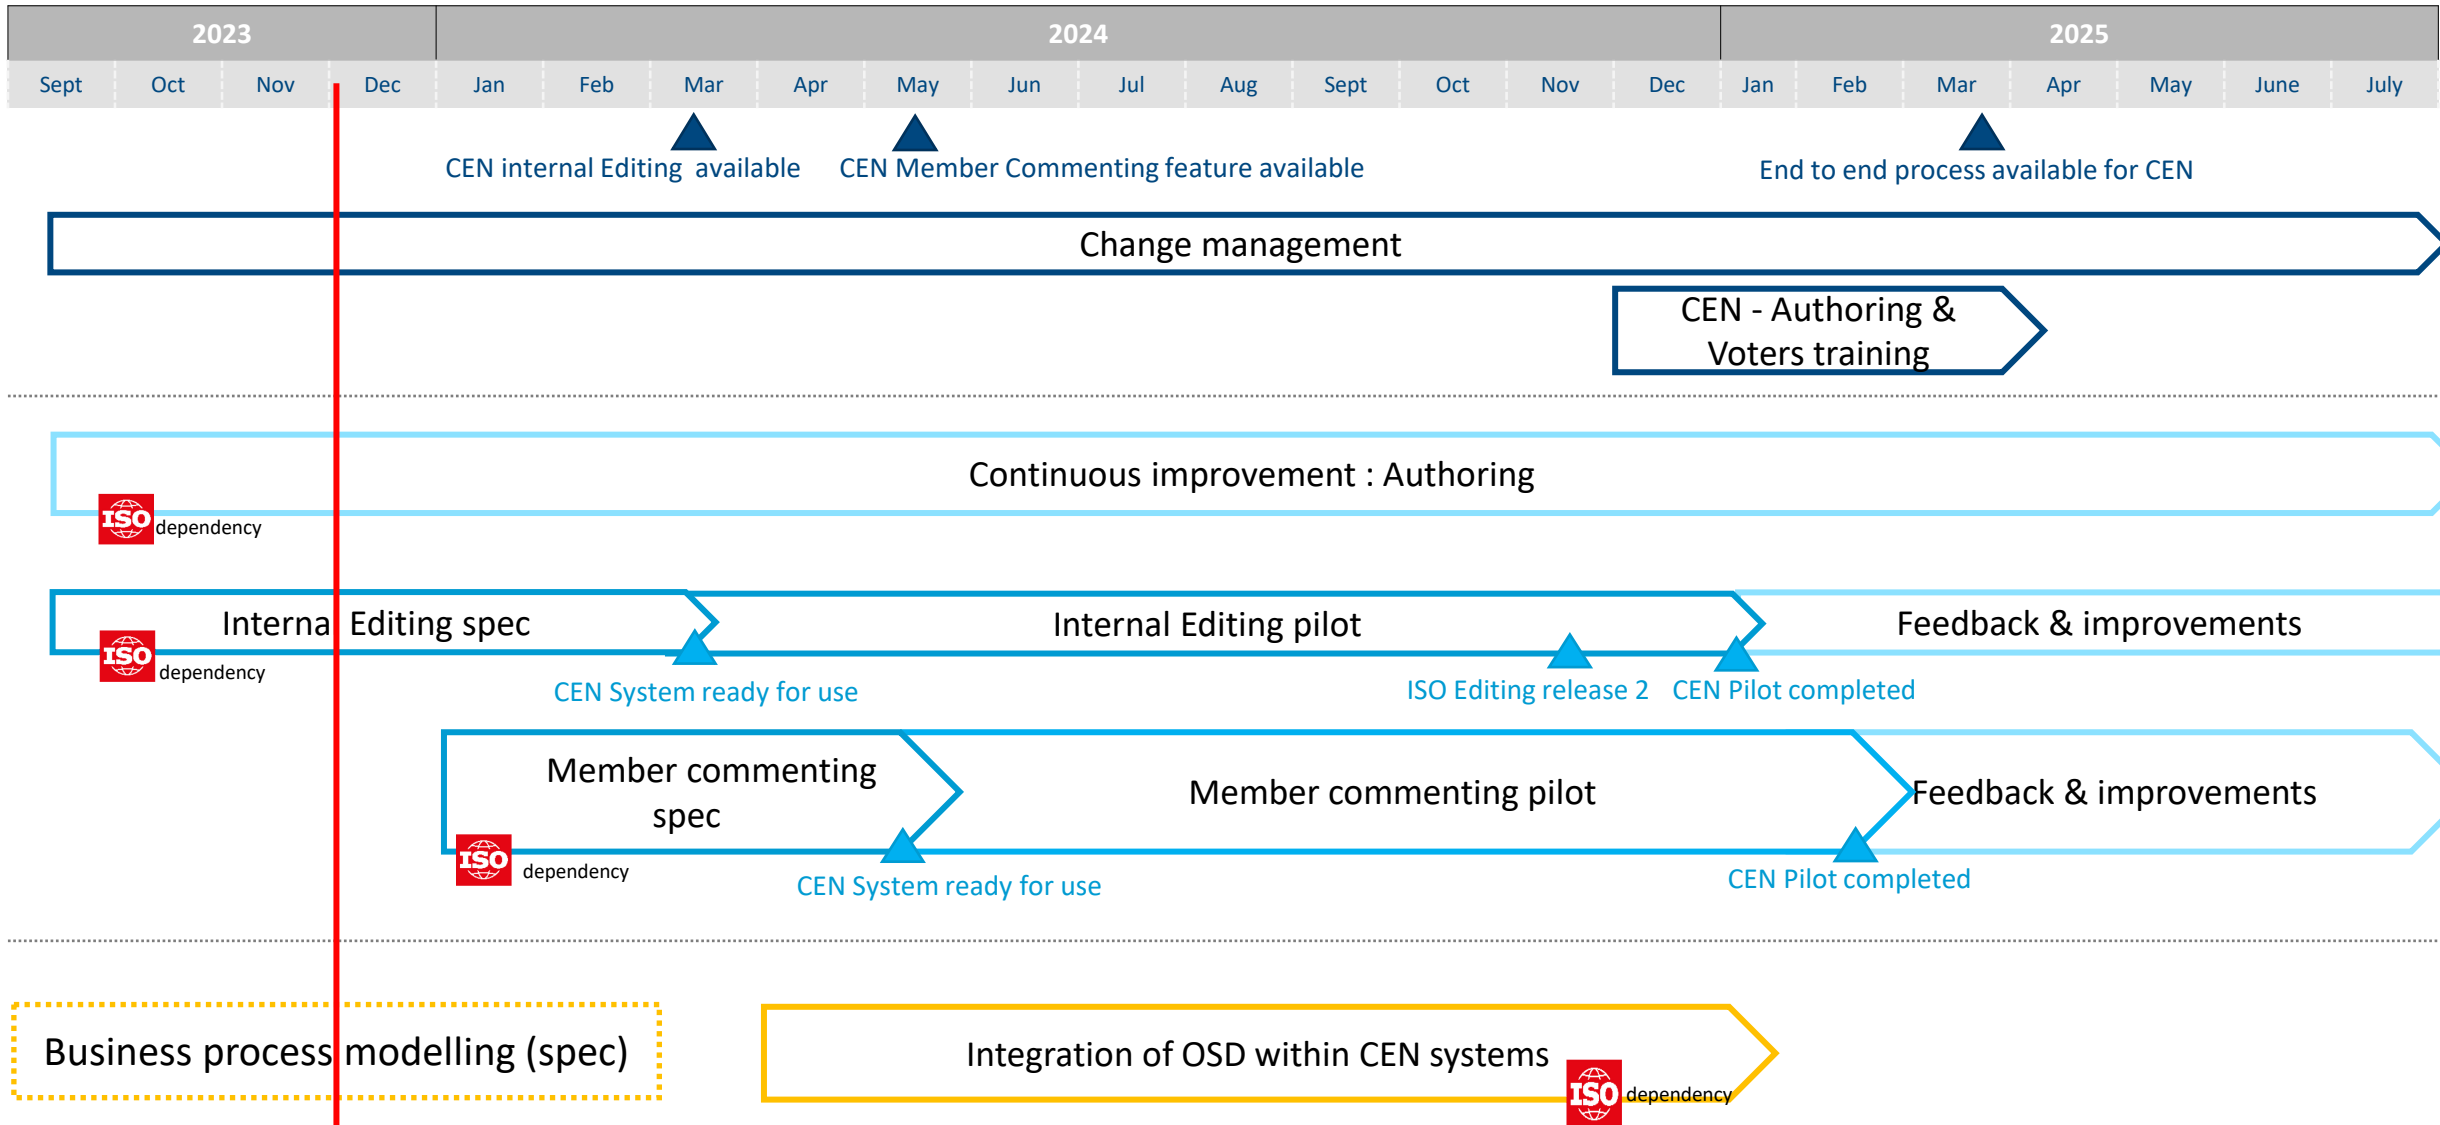

## Feature 2

**Members commenting  
(Enquiry phase commenting)**

## Feature 3

**Online internal editing  
(CCMC Production team -  
Editors)**

# Wave 1 (CEN ENs): building blocks to achieve end-to-end process

\*1<sup>st</sup> scope : EN, TR, TS, CWA

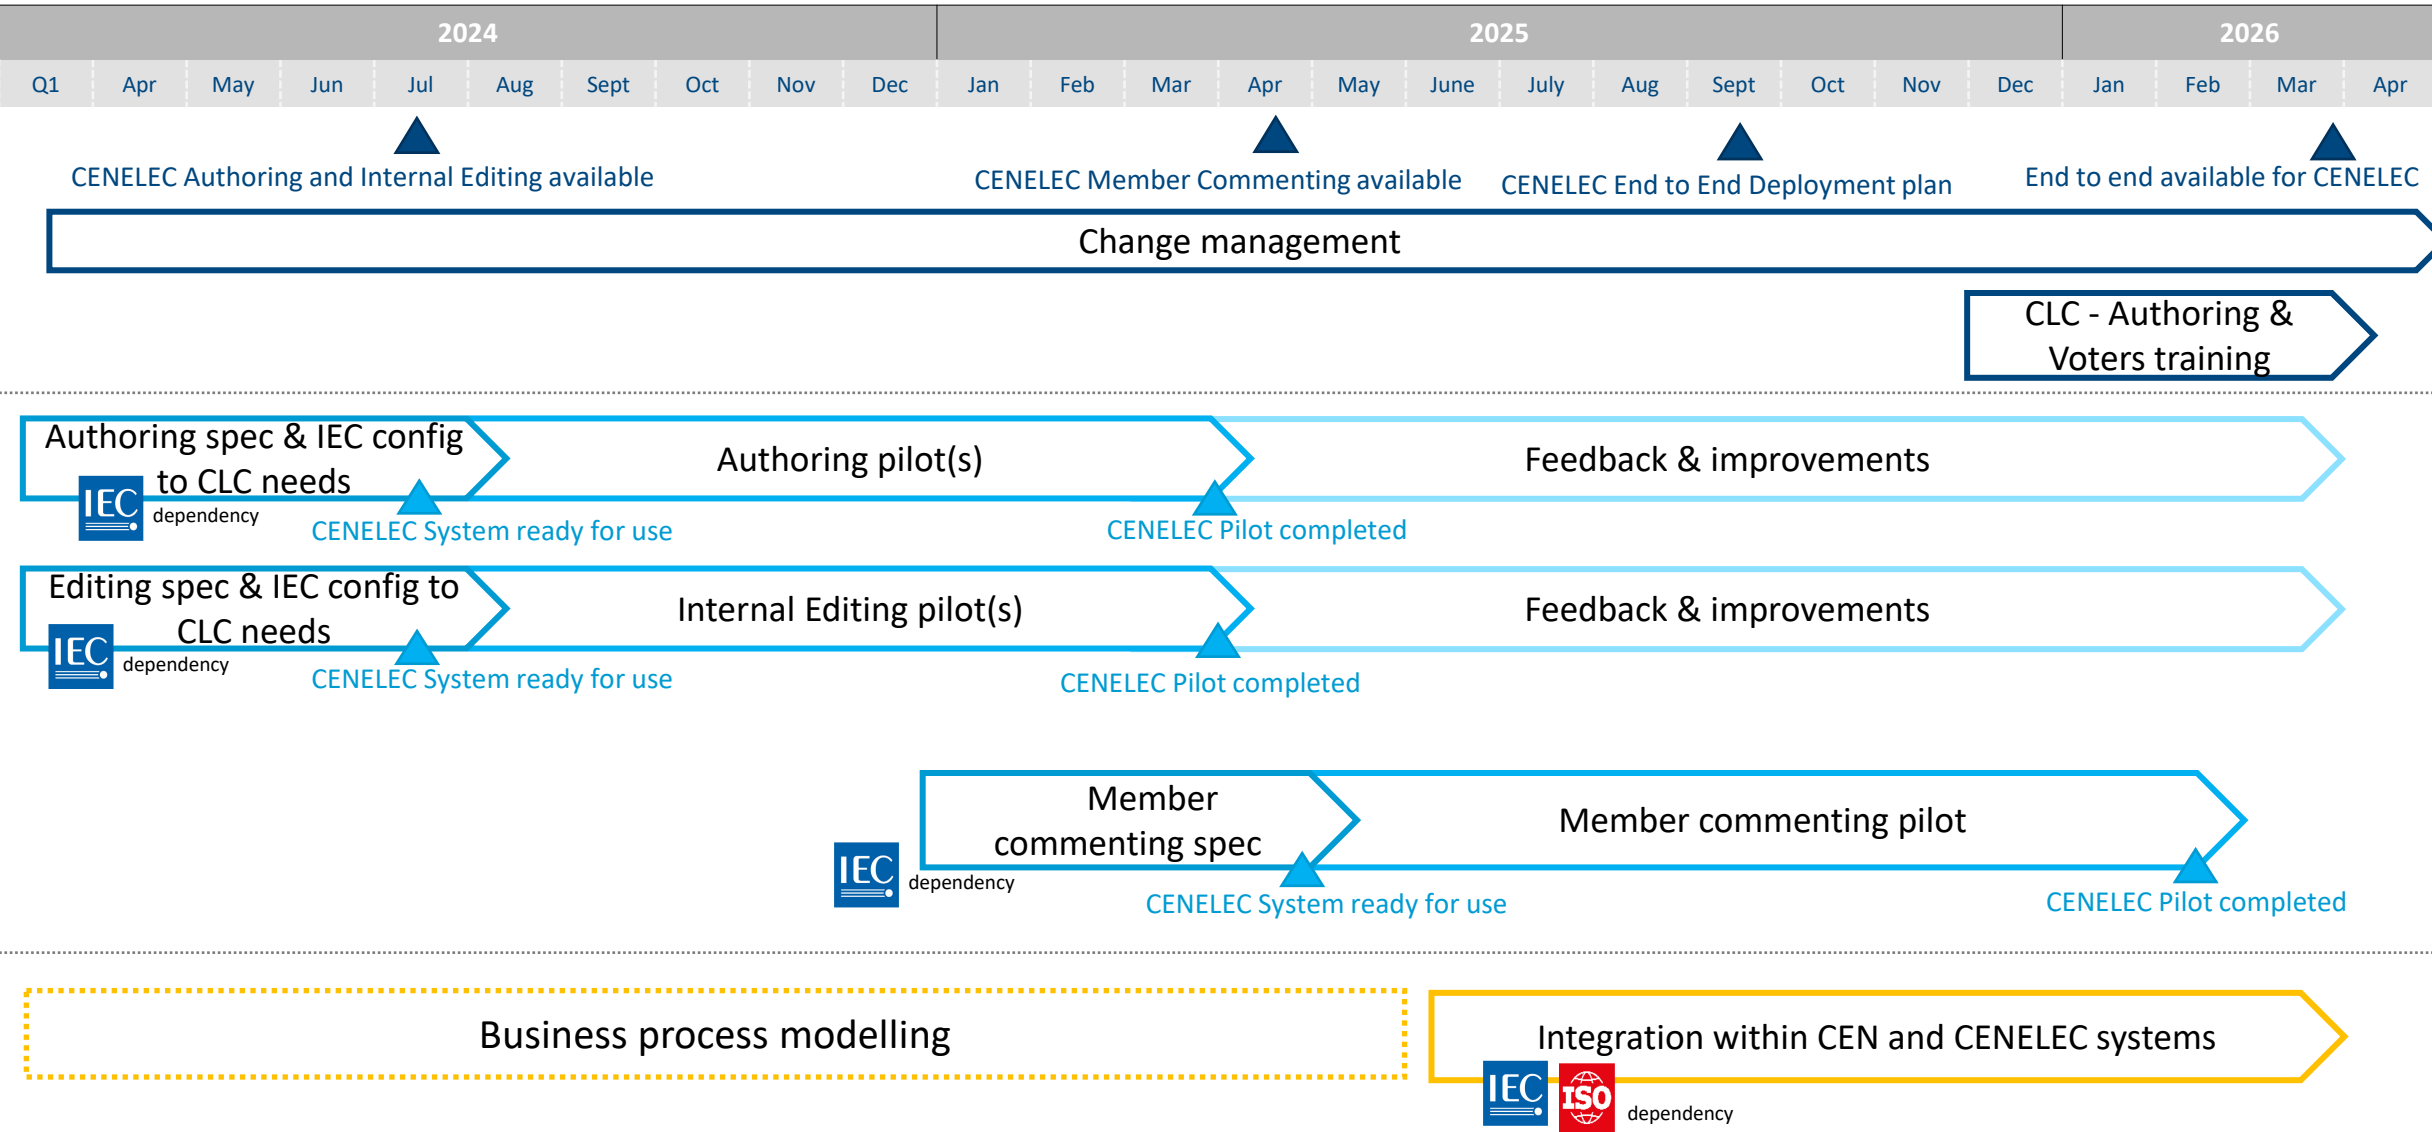

# Wave 2 (CENELEC ENs, CEN & CENELEC other deliverables): building blocks to achieve end-to-end process

Project

OSD-CLC Tool

\*2<sup>nd</sup> scope : CLC integration, hENs, Amendments

# Deliverables supported in OSD Authoring

Already available 

Wave 2 

Homegrown standards (EN, TR, TS, CWA)

Parallel Vienna Agreement

Homegrown standards  
Parallel Frankfurt Agreement

Amendments  
Harmonized standards (hEns)

# Our next steps together
