

## **Short note on by-pass URLs within URL\_NSB.XML**

The URLs provided within the URL\_NSB.XML are the 'bypass' URLs .

The Single Sign On (SSO) system directs all accesses to LiveLink to the SSO Login screen. This is clearly undesirable for automated processes so an alternative access to the LiveLink server has been set-up to allow automated access to bypass the SSO redirection. The Bypass address of the server has been defined as <http://cen.iso.org/livelink/bypass-ss0>

URL syntax examples:

- Human access to PROJEXDELTA file : [http://cen.iso.org/livelink/livelink/1136153/PROJEXDELTA\\_NSB.zip?func=doc.Fetch&nodeid=1136153](http://cen.iso.org/livelink/livelink/1136153/PROJEXDELTA_NSB.zip?func=doc.Fetch&nodeid=1136153)
- Human access to e-TRANS file : [http://cen.iso.org/livelink/livelink/2352794/00258006\\_f\\_20090715.zip?func=doc.Fetch&nodeid=2352794](http://cen.iso.org/livelink/livelink/2352794/00258006_f_20090715.zip?func=doc.Fetch&nodeid=2352794)
- Bypass access to PROJEXDELTA file : [http://cen.iso.org/livelink/bypass-ss0/1136153/PROJEXDELTA\\_NSB.zip?func=doc.Fetch&nodeid=1136153](http://cen.iso.org/livelink/bypass-ss0/1136153/PROJEXDELTA_NSB.zip?func=doc.Fetch&nodeid=1136153)
- Bypass access to e-TRANS file : [http://cen.iso.org/livelink/bypass-ss0/2352794/00258006\\_f\\_20090715.zip?func=doc.Fetch&nodeid=2352794](http://cen.iso.org/livelink/bypass-ss0/2352794/00258006_f_20090715.zip?func=doc.Fetch&nodeid=2352794)
